Señorita Kristin Turcotte
Sales Manager
White Water West Industries Ltd.

Dear Kristin:

I would like to give you some feedback on our experience working with Whitewater during the installation and operation of the Spinning Rapids.

It was because of the superb attendance figures we had with the Whitewater Water Coaster, which we installed in 1996, and also because of Whitewater's excellent service and support that we decided to purchase our new ride from you, the Spinning Rapids. Now with two months in operation of El Pacuare, the name that we gave the Spinning Rapids, we can comment, without hesitation that it was the right decision. The process through design, planning and installation of the attraction took place seamlessly and rapidly resulting in completing the installation in record time.

The guest popularity and response to the ride has been extraordinary! We have achieved our goal of having a major ride which would appeal to families, teenagers and young adults together with a substantial boost in park attendance.

I am delighted to say that we are very happy with the performance of both the Spinning Rapids Ride and with Whitewater.

Best Regards,

Mario Catarinella, Eng.
