BOARDING**

# WHAT IS SLIDEBOARDING?

*An industry game-changing phenomenon!*

Slideboarding is pushing tradition into the future by transforming a classic waterpark experience into the world's first video game integrated waterslide. Take control of your experience, hitting the matching buttons as you zoom down the slide, activating as many of the dynamic targets as you can. Can you beat the high score?

*Hit the correct button to activate the animated LED target*

*Easy to learn impossible to quit*

*Destroying barriers between gaming and waterslides*

*Reign as Slideboarding champion*

# THE PATH TO ULTIMATE GLORY

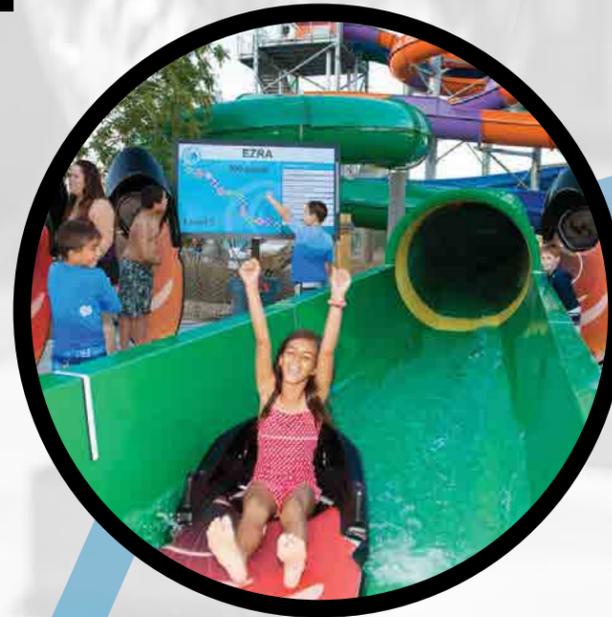

## Get Ready to Ride

Players choose the Slideboard that will take them all the way to victory. The Slideboard is the first technology integrated waterpark ride vehicle and is ready for action.

## Conquer the Slide

Traverse down the waterslide tapping the illuminated buttons as you rocket by the corresponding targets, boosting your score as you go. The player's objective is to press the correctly colored buttons on their Slideboard handles as they pass the matching LED targets. Players get instant feedback for right or wrong responses through sound and vibration in the handles. The Slideboard is tracked down the waterslide through every miss, hit and bullseye.

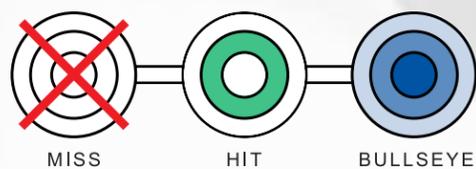

## Track your Progress

Zoom out the bottom of the slide and check your score! Interactive waterproof scoreboards deliver live-action information for players to see their performance and that of other players. The game system adapts and modifies as a player improves creating a more challenging experience.

## Be the Champion

Players compete head to head, climbing the Slideboarding ranks until they reach champion status. With unlimited levels to beat and badges to collect, it's a constant battle for first place.

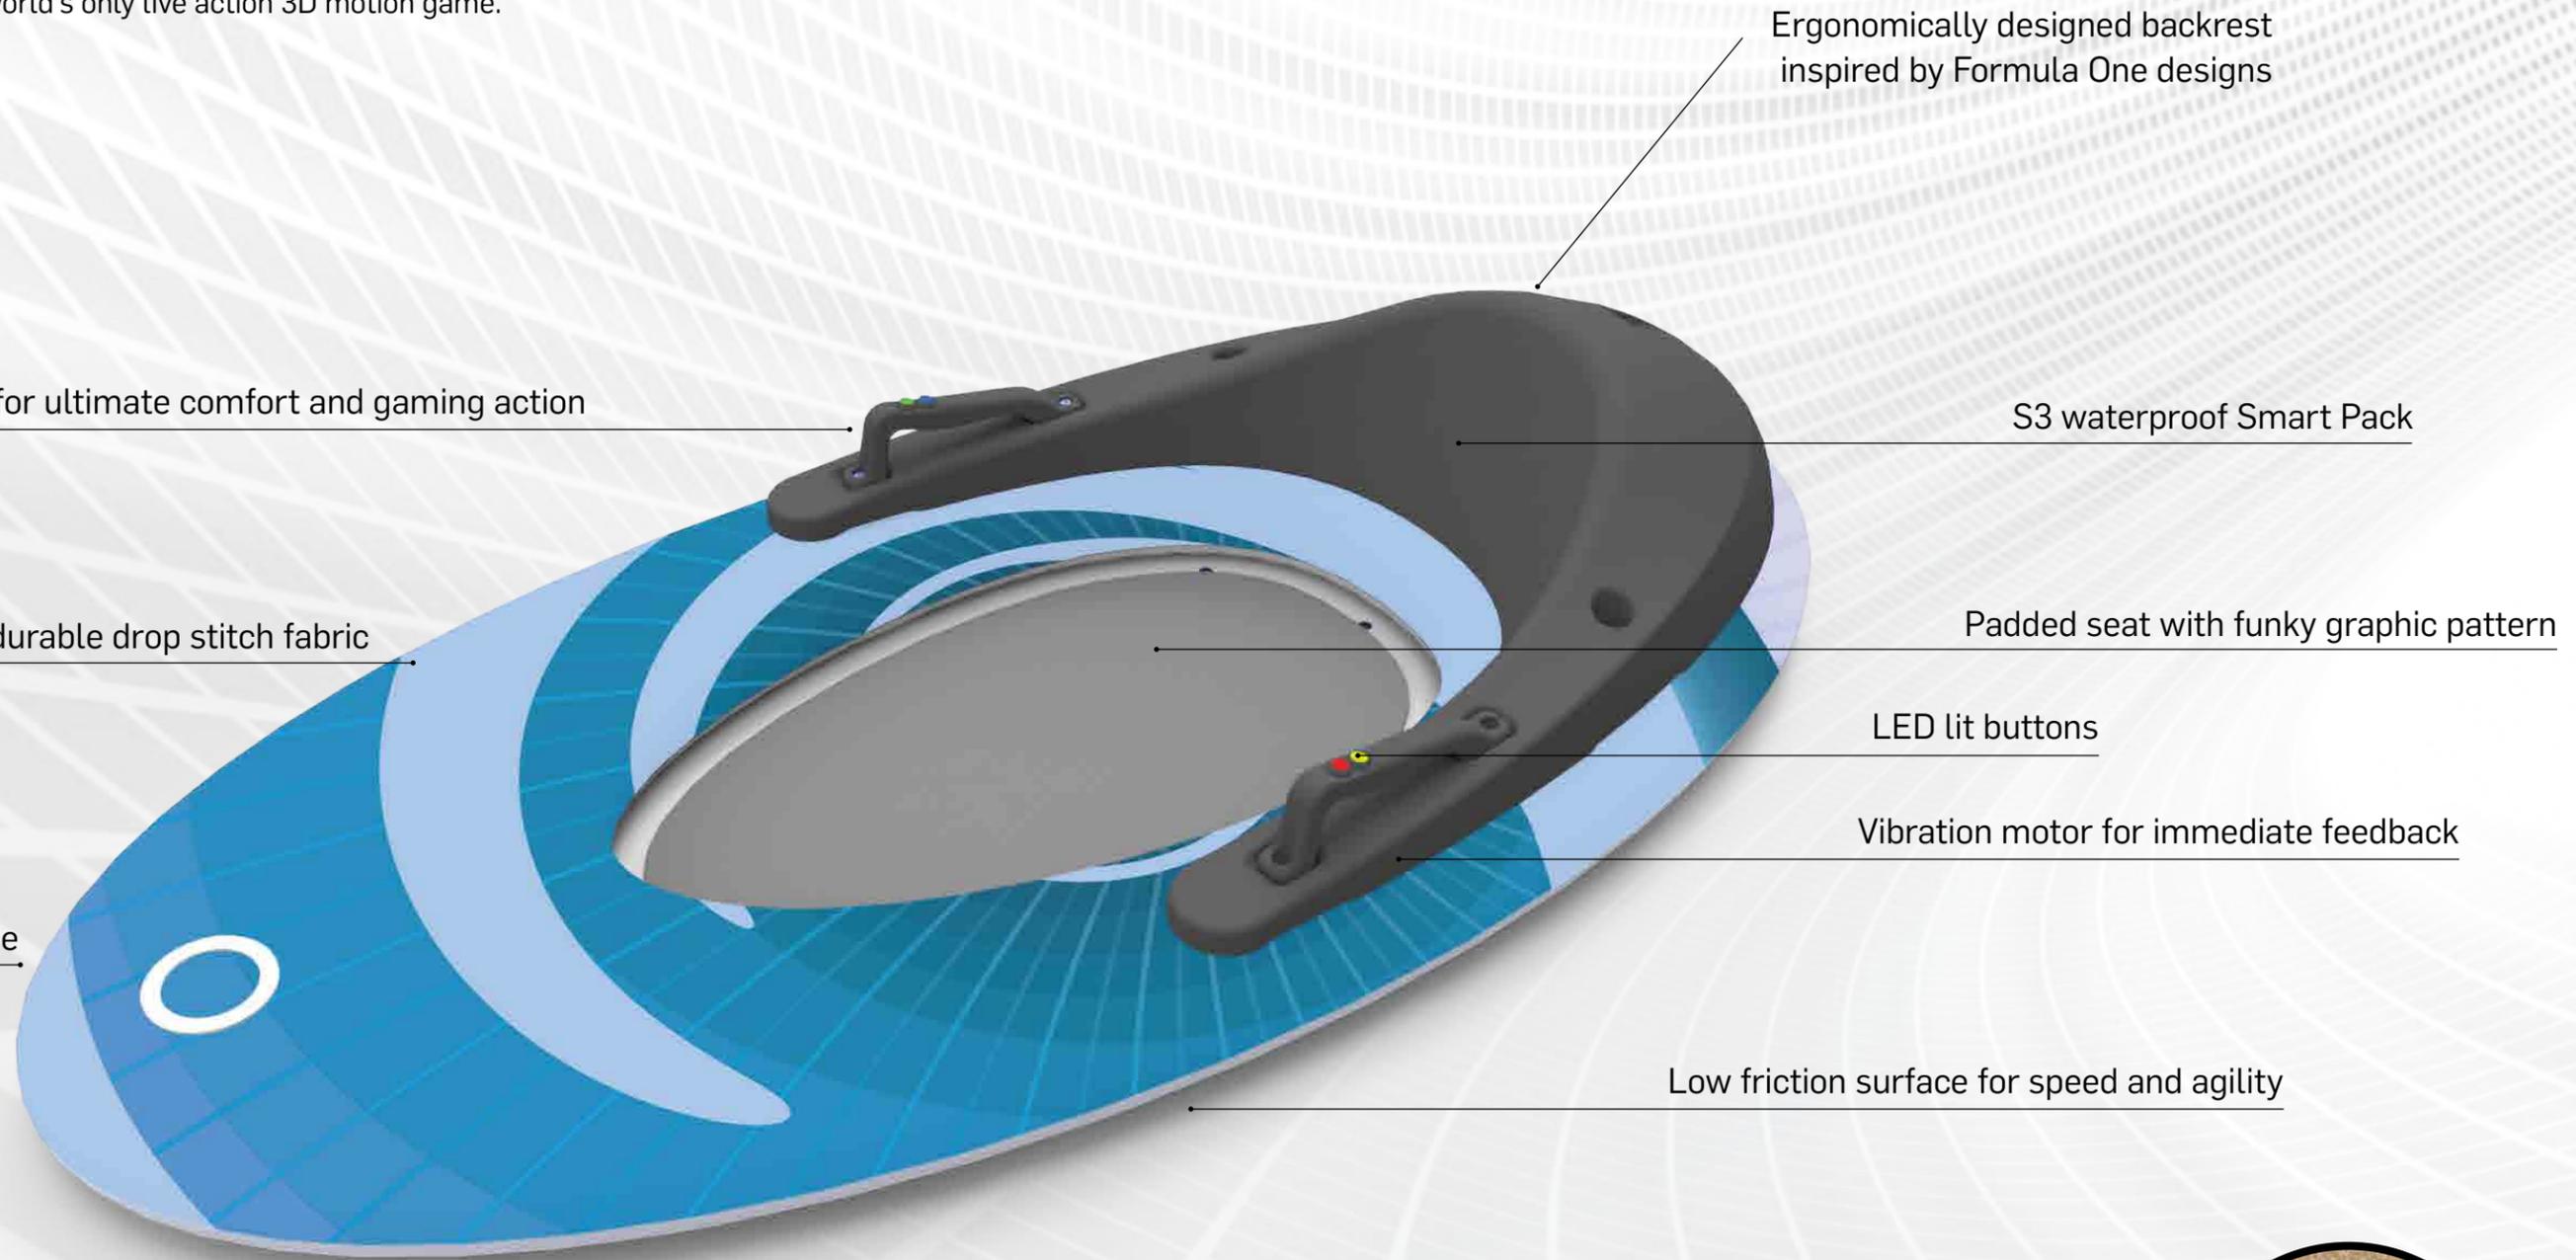

Live-action precision feedback based on player accuracy will register as a miss, a hit or a bullseye on the leaderboard.

# THE ANATOMY OF A SLIDEBOARD

This isn't just any inner-tube!

This is a state-of-the-art gaming platform. Players sit in a vehicle that is the game controller to play the world's only live action 3D motion game.

Ergonomically designed backrest inspired by Formula One designs

S3 waterproof Smart Pack

Padded seat with funky graphic pattern

LED lit buttons

Vibration motor for immediate feedback

Low friction surface for speed and agility

Contoured grip handles for ultimate comfort and gaming action

Long lasting and highly durable drop stitch fabric

Inflatable Slideboard base

Light weight!

Multi-coloured!

## CONNECTING GLOBAL PLAYERS

*Slideboarding is taking the world by storm by gamifying a waterslide in a way never imagined before*

The advanced Slideboarding waterslide experience is accompanied by a highly engaging app that simulates the real-life Slideboarding game-play allowing players to build their skills both online and offline. Slideboarding is the first game to create a dynamic and symbiotic system that intertwines real-life play with in-app play seamlessly.

The entire system provides an evolving leveling structure not just for the rider, but for the park. Like any good competitive, repeatable gaming system, Slideboarding will continue to grow in complexity as each Global Player improves their skills.

**The Slide** - A progressive system tracks a player's movement and actions as they ride the slide syncing every miss, hit and bullseye with their Global Player identity

**The Website** - Players can interact and compare scores with an online community of Global Players from all over the world sharing tips, tricks and hidden points

**The App** - Guests will have the ability to become a global champion at any Slideboarding location in the world as the app creates a link between virtual and real game-play

# BECOME A PARTNER PARK

## We're here for YOU

Slideboarding is not simply a product, it's a partnership and a flourishing business model.

When you succeed, so do we; therefore, we dedicate time and resources into ensuring we support what we call our "Partner Parks". That's you. Each Partner Park has Slideboarding and enjoys a range of support from our team:

- In-depth analytics about user behavior and engagement
- Patent protection
- Public relations support to tell the story of Slideboarding and your new installation
- Links to the park site from the Slideboarding website
- Two-way communication on game development based on user's needs
- On call Slideboarding maintenance specialists
- Our commitment to constant improvement in game play and technology
- Continued growth of additional revenue avenues including retail and tournaments

## GET THE APP

The Official Slideboarding App will keep you entertained long after you leave the waterpark. Test out slideboarding courses from parks all around the world and follow the global leaderboard to beat the high scores!
