BODY SLIDES

Tried, tested and true favorites!

Our designers have mastered the art of slide path design by creating custom-fit waterslides for tight spaces.

No matter the size of the facility, fast or slow, open or enclosed, WhiteWater delivers a full range of experiences and the ultimate waterslide to fit your requirements.

Customize to Fit Your Space

Speed: 22 f/s

ICONIC SLIDES

The best waterslide in the world!

Smaller in size, with just as much excitement! WhiteWater's in-house team of experts has redesigned its award-winning signature waterslides to offer the same phenomenal experience with a reduced footprint for the parks and recreation market. Our redesigned iconic waterslides offer high entertainment value and quality without the large waterpark expense.

Tallest! Fastest! Steepest!

THRILLS

Give them something to talk about!

Built with a balance of safety and thrill in mind, these high speed slides generate an adrenaline pumping, heart-pounding, head-rushing experience and are guaranteed to give thrill seekers something to talk about.

KID’S SLIDES

Big thrills for the little ones!

Designed specifically with gentle speeds and slopes into shallower pools to ensure a safe and fun experience. Options include inner-tube and body slides or add a little variety with a mini multi-lane and ramp slide. Kid’s sized iconic waterslides provide little ones with an equivalent play experience.

AQUAPLAY™

Small footprint, maximum interactivity!

A reduced footprint AquaPlay™ structure is perfect for smaller aquatic facilities or areas catering to younger children.

AquaPlay™ is an active and colorful water play structure that provides the experience of a stand-alone waterpark all on its own. Hours of fun and loads of spray elements guarantee high total value for the entertainment dollar.
