

# WHITEWATER® *Attractions*

# A PARTNER FOR YOUR PARK'S SUCCESS

## WhiteWater Attractions: Design Excellence, WOW Water Rides and Interactive Play

WhiteWater understands water and play; we've built our business to be a world leader in waterpark and attractions rides based on our expertise. Our name is recognised as a premier designer, manufacturer and supplier of rides and attractions to the best water and theme parks in the world.

We've been designing and manufacturing rides for over 35 years, helping our clients create exhilarating experiences for their guests every day. We partner with our clients to help them develop world-class parks and attractions, supporting them every step of the way from park design, ride customisation and safety simulations, to local manufacture (at one of six global sites) and expert installation supervision.

We know our clients want the reassurance and convenience of working with a single expert supplier who can service their project from concept to completion. Which is why our company has grown to over 650 extremely talented professionals in 23 offices around the world, proud of each of the nearly 6000 WhiteWater sites around the world. It is our employee dedication which has made us a recurrent recipient of Canada's Best Managed Companies designation for excellence in management and business practices.

### Distinct Experiences

Our play psychologists understand kids and play. As a result we are able to create the most innovative experiences seen in our industry to help differentiate your park from the competition.

### Design Services

Our team of Architects and Designers know how to integrate attractions and services in a way that maximizes guest experience and drives your return on investment.

### Engineering

Safety and reliability are a focus for WhiteWater. The knowledge WhiteWater has developed over 35 years in the Waterpark industry is applied to every project.

### Customization

We maintain our own key services to maintain quality and meet any need you have. We will create a unique and tailored solution to help you achieve your revenue and operational goals.

### Global Presence, Local Knowledge

We source globally, speak in your language and are there with you as your partner every step of the way. We understand your concerns and limitations, working with you to deliver the highest quality product and service. With offices all over the world we understand the industry and develop best practises.

# MEET OUR TEAM

**Erika Kulbach**  
Specialist, North America

*With a Masters in Architecture, Erika leverages her design expertise to provide integrated solutions for you. She is collaborative and works hard to ensure you understand the solutions best suited to you.*

WhiteWater is proud to have the best in-house team of experts including:

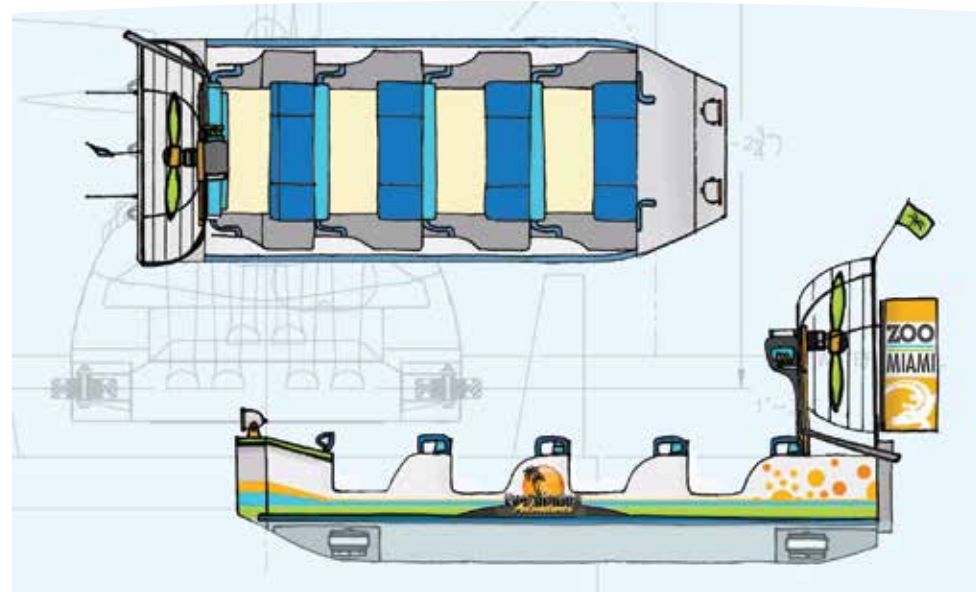

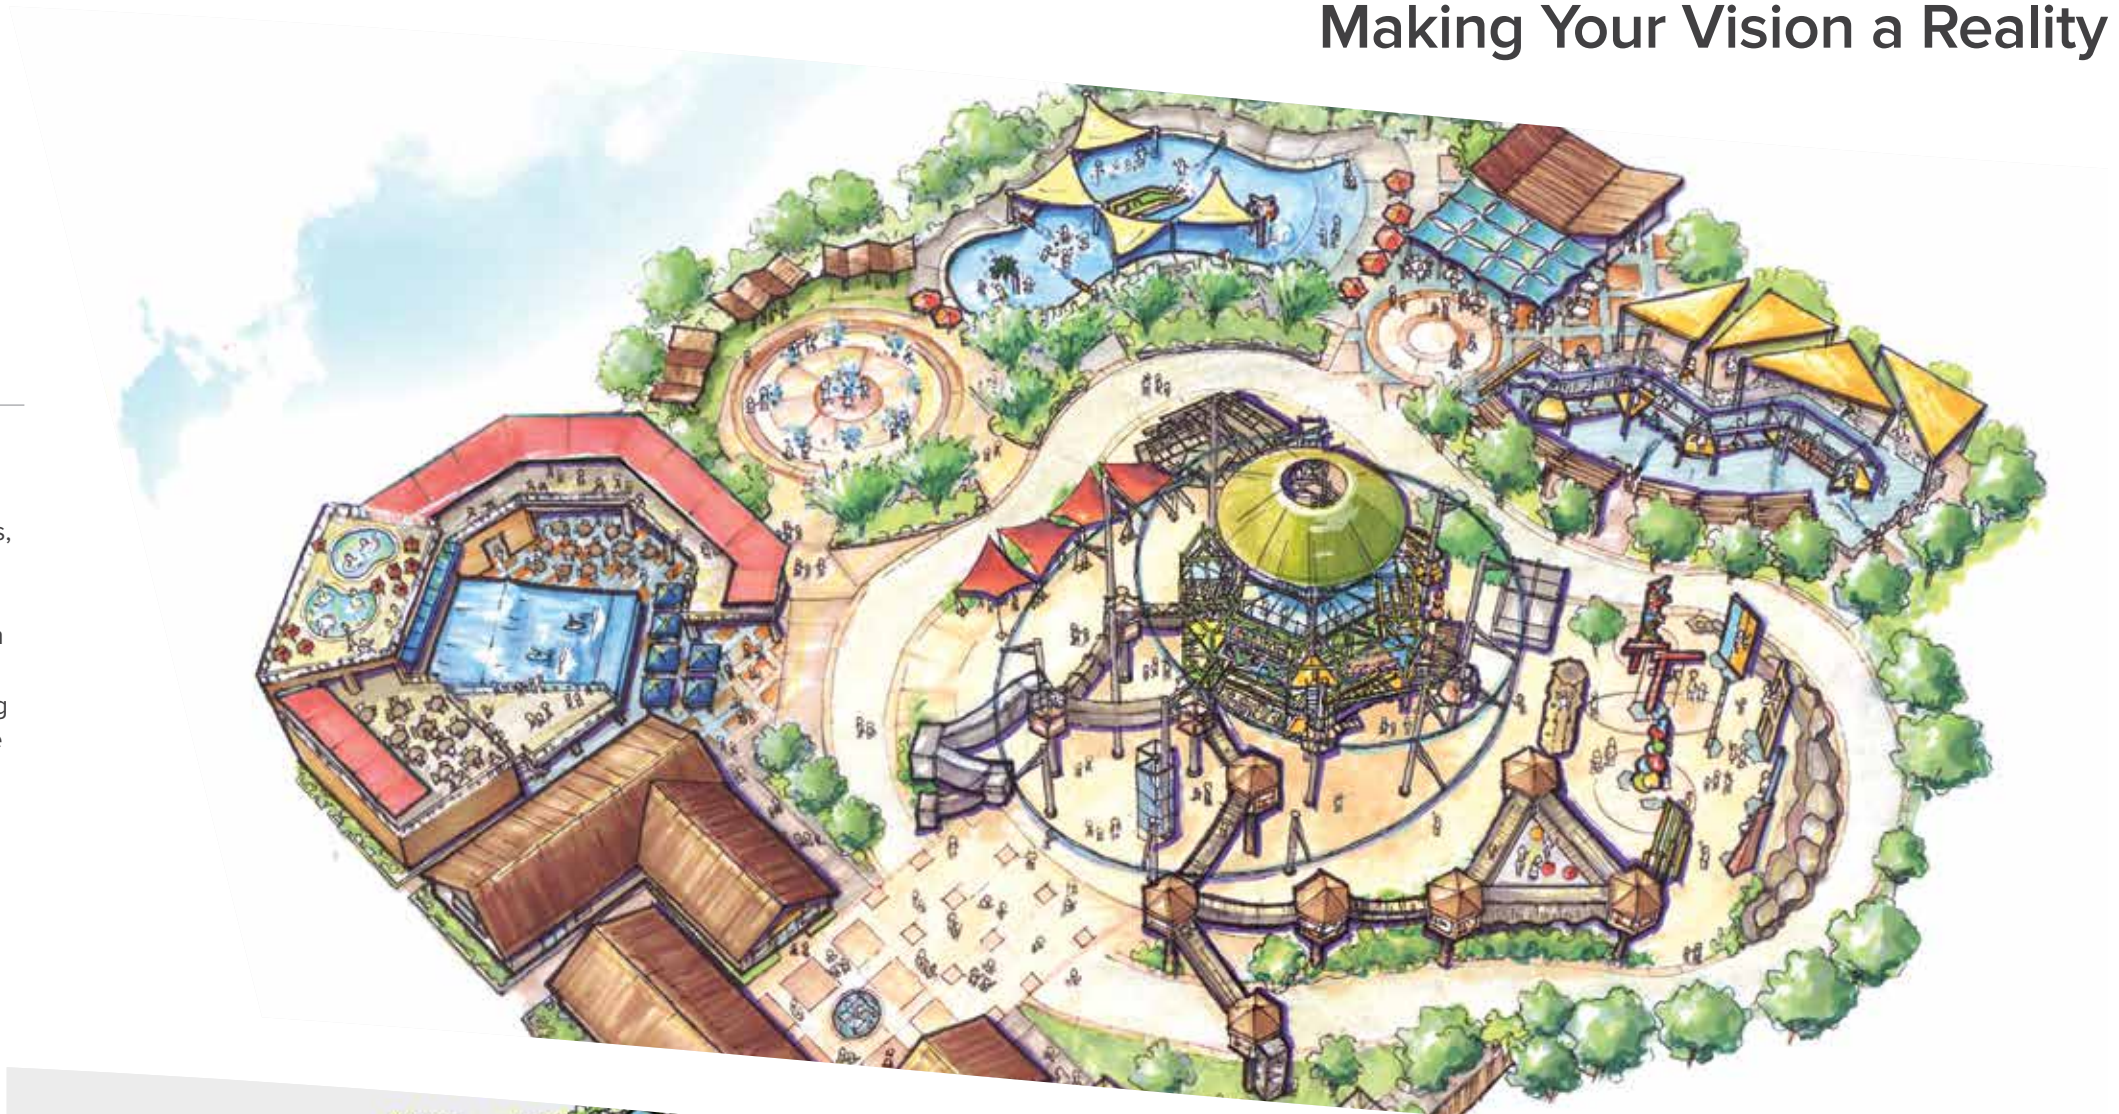

- 17 Project Managers
- 38 Engineers
- 10 Architects
- 76 Designers

## DESIGN SERVICES

*Decades of industry experience!*  
Through a meticulous design process, beginning with a detailed design workshop, WhiteWater Attractions' experts take into great consideration facility programming, traffic flow, entertainment value, budget, theming and much more in order to maximize your return on investment. Large or small, we know how to help you maximize your venue.

**Design Workshops**  
A Designer and/or Architect is sent to work with your team directly over the course of 1 to 3 days. Understanding your vision, walking the site and discussing best practices, our team guides you to achieve the best return on your investment. You can look forward to development of the facilities program and an initial concept plan for the overall park. It is our goal to engage the imagination and excite you about what lies ahead.

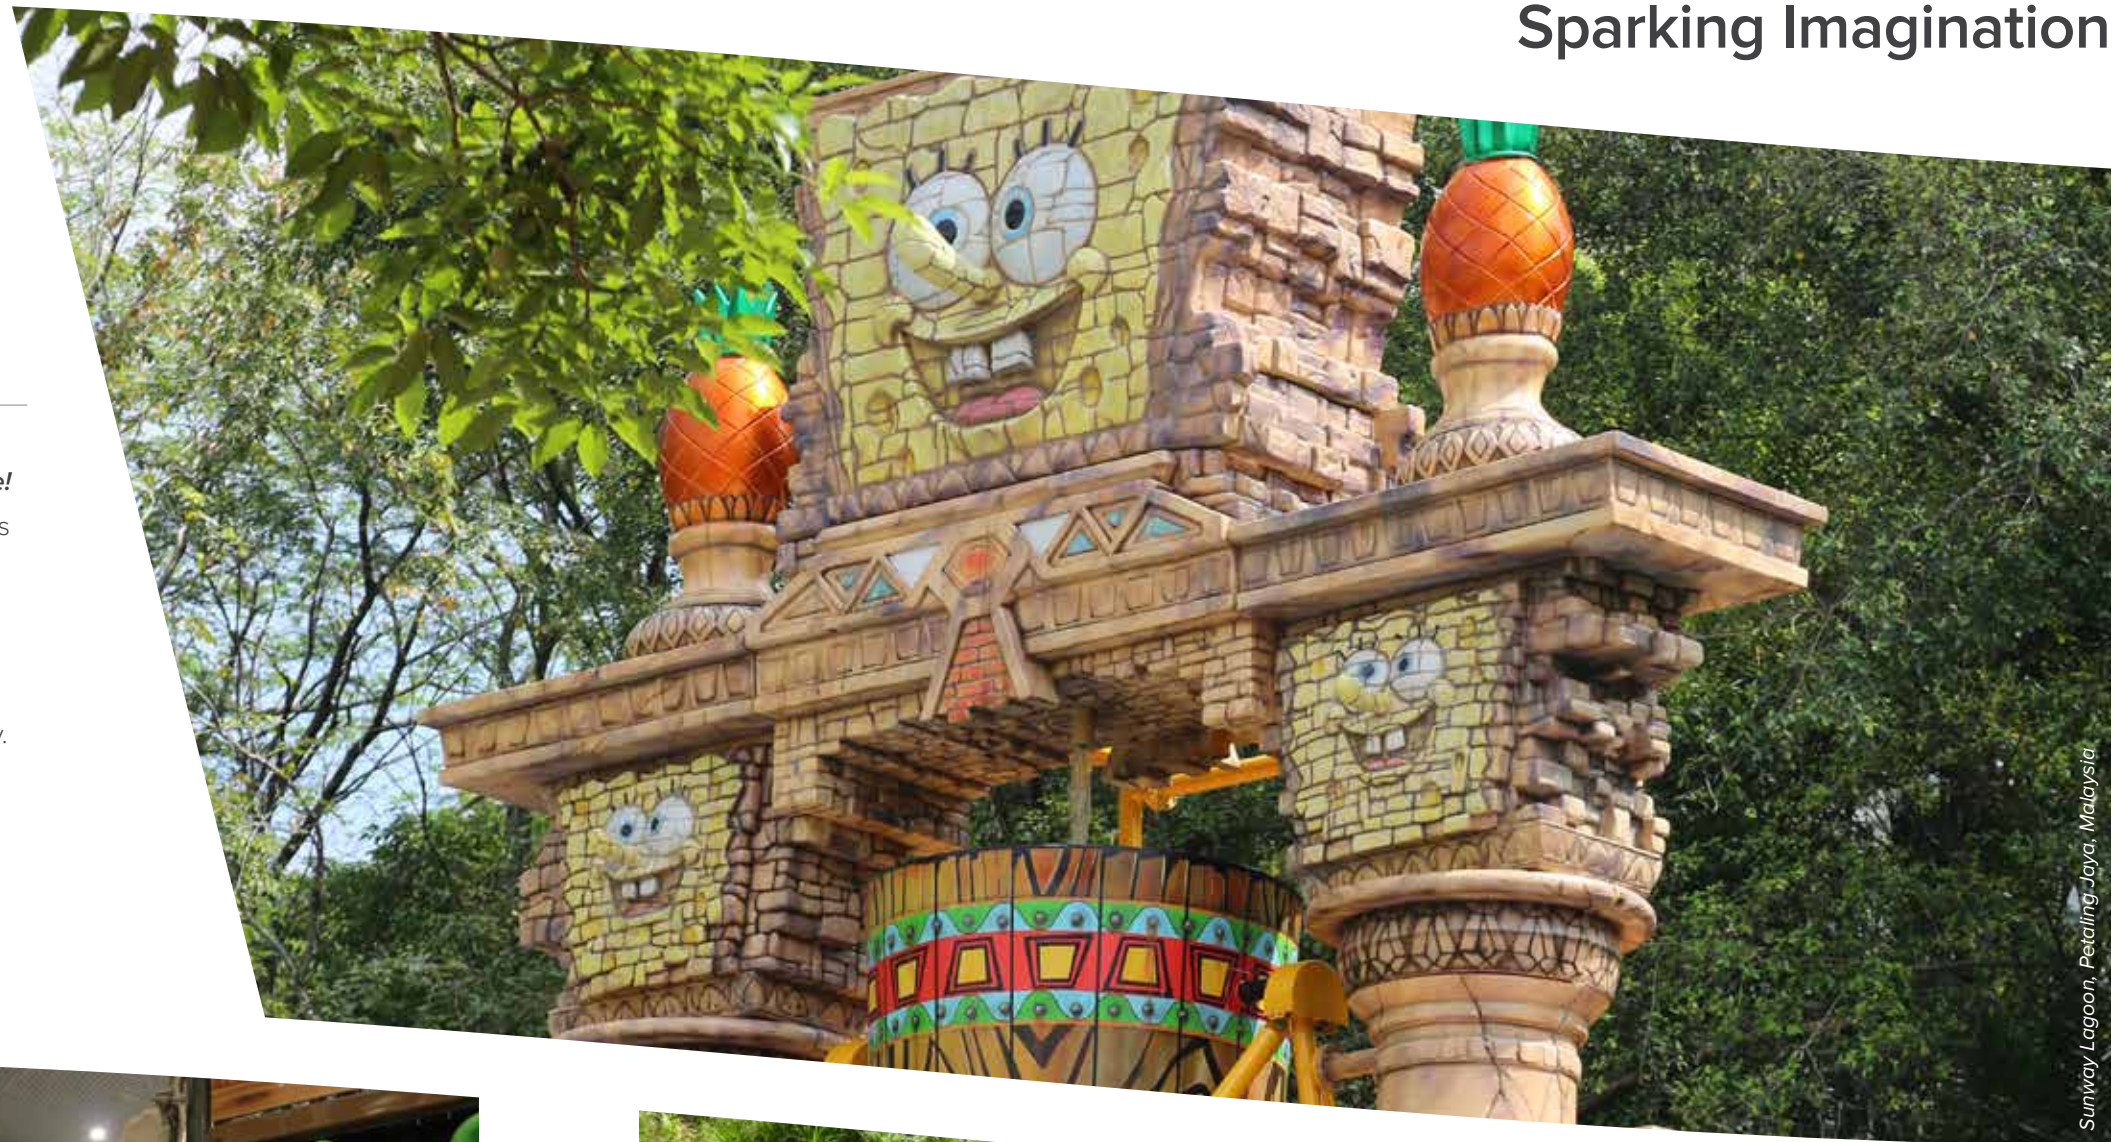

## THEMING

*Create a truly immersive experience!*

Let WhiteWater's design professionals create your custom theme for any attraction. Our in-house team of experts is just the beginning of our commitment to quality and attention to every detail to produce the best product available in the market today. Our artists skillfully hand sculpt your thematic elements bringing the attraction to life.

# Interactive Play

WE UNDERSTAND PLAY

Conceived and built on principles from our play psychologists, we understand how both kids and adults play. With attention to details both large and small, we ensure your guest's experience is memorable. Igniting imagination is what we do best.

Unique one-of-a-kind products help you differentiate your park. With the utmost attention to safety, our attractions are designed to last. Keep them happy for hours, letting their imaginations run, as they explore our play structures.

## ADVENTURE TRAIL

*An ideal combination of exploration and safety!*

The Adventure Trail lets the whole family explore together, criss crossing between soaring towers, rope bridges, climbs and slides. Encourage active play with multi-level exploration and discovery by engaging guests both physically and mentally. Attracting a wide demographic, Adventure Trail is ideal for amusement parks, resorts, zoos, waterparks, hotels and aquariums.

## NO BOUNDARIES™

### *Revolutionizing the industry!*

No Boundaries™ is an innovative iconic attraction offering high thrill and high challenge activities for guests of all ages and skill levels. Our team of Play Psychologists have expertly integrated different ways to play within one attraction creating an unforgettable, never before seen experience. No Boundaries offers more than four different activities within one compact footprint, enabling families to play alongside each other while doing different things - keeping everyone happy and occupied! Differentiate your park and drive attendance by being one of the first to offer No Boundaries to your guests.

With an industry changing visual presence, No Boundaries combines elements and activities for harnessed and unharnessed participants. Weaving together a challenge course with uphill climbs, downward descents and a winding aerial zip coaster into a one-of-a-kind spectacular adventure park for the whole family.

No Boundaries is available in multiple sizes, for both indoors and outdoors

Engineered by our dedicated team of experienced Engineers, whose dedication ensure your guests have the safest, highest quality experience possible.

# Water Rides

## THE WATER FUN EXPERTS

With patented technology we create exciting, unexpected experiences from tummy-turning drops and high speed rapids to spinning vortexes, all in your street clothes with just the the right amount of splash.

WhiteWater has built upon O.D. Hopkins Rides by revitalizing theme park favorites with fresh new ride paths. We have a full portfolio of solutions for every venue type. By combining our focus on safety with our heritage of world class manufacturing we provide water fun to millions of people around the globe.

An Essential Element in the World's Best Parks

## LOG FLUME

*The industry classic!*

The Log Flume ride is a timeless attraction featured in popular venues all over the world. Combining water elements with an amusement park ride brings the best of two worlds together for one splashy experience. Our water flow technology keeps the ride exciting from start to finish. A time tested recipe for family fun!

# Patented Propulsion Technology Creates a Spinning Vortex

## SPINNING RAPIDS® RIDE

*No other ride like it in the world!*

Differentiate your park with this one-of-a-kind waterslide attraction guests can enjoy in their street clothes. Centrifugal forces press riders against the back wall of rafts as they swiftly spiral down the flume providing an intense, heartpounding ride experience. Family-sized rafts are propelled into silly spins, tummy-tightening turns and dramatic drops, without getting riders completely soaked!

**Vehicle Capacity**

3 - 6 guests

**Hourly Capacity**

700-1200 guests

By taking our tried-and-true waterslide expertise and adapting it to theme parks, we offer your guests splashes without the need for a bathing suit. Adding a fiberglass amusement attraction provides a visual differentiator for your park or facility, reducing mechanical requirements and increasing colour options.

A Year Round Guest Favourite  
All Over The World

## WATER COASTER®

### High thrill waterslide fun!

An action-packed ride offering twists, turns and drops through high banking curves and exhilarating accelerations. Offer your guests two distinct ride experiences from one compact ride complex with the excitement of a waterslide while remaining in their street clothes. The specialized shutdown lane de-waters the landing area, preventing riders from being soaked. Enhance your park's offering with this unique attraction.

# SERVICE & MAINTENANCE

With safety as the top priority for every park, it is essential to be absolutely sure rides and attractions are maintained to the highest standards. At WhiteWater Attractions, our After Sales and Service department is dedicated to helping you maximize the lifespan of your attraction by providing all components of a Water Ride including boats, lifts, stations, electronic equipment, pumps and drive motors. **After time, indoor or outdoor play structures need some attention with inspections, minor repairs and replacement parts. WhiteWater's experts can identify any potential weakness within your structure and provide a detailed report on recommended maintenance and services. Additionally, a cost-efficient way to update or upgrade an existing play structure is by retrofitting it with interactive add-ons or custom theming elements.**

*WhiteWater is the authorized provider of Hopkins Rides spare parts.*

WhiteWater offers tested and approved Hopkins Rides OEM replacement parts, services for all Interactive Play structures, Harnessed Attractions, Koala Play, Delta Play, and Prime Play structures
