"We are pleased to offer a new and totally unique attraction to visitors to Pattaya and to local residents in Bangkok and South-east Thailand. RamaYana is more than just Thailand's biggest waterpark, it is an zxperience of 21 waterslides, some of them totally unique, which span from high thrills to gentle swings. Apart from the amazing nature around us, there are so many other things to experience – so that one day will probably not be enough to explore all attractions."

Johannes Pattermann, Marketing & Sales Director, Ramayana Waterpark.

"We had no doubt when it came time to decide how to improve Mirabilandia Beach. We wanted to add a worldclass slide complex to our ride mix, one that would be appealing to all of our guests, without exception; which is why we chose WhiteWater. We knew we could count on them to deliver a safe, unique, and crowd-pleasing attraction that would help us to increase our attendance and improve the quality of our offer.
