SilkTek™ is WhiteWater's latest fiberglass technology. Using a closed-moulded process (RTM), we engineer the ultimate waterslide that is smooth and shiny inside and out, easier to maintain and has perfectly uniform joints.

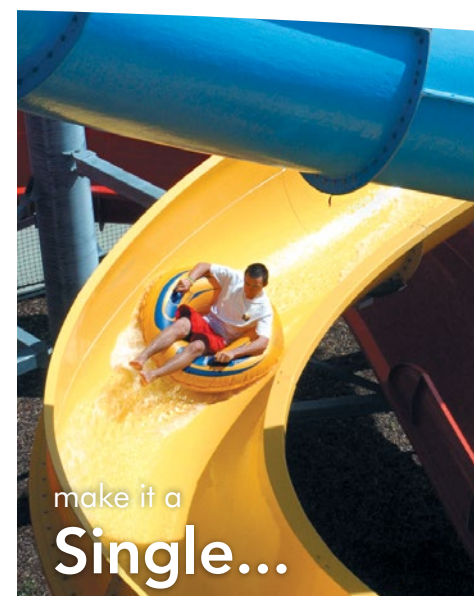

Inner Tube

Over 1,000 installations worldwide!

Using a series of slide path designs and a combination of open and enclosed flumes, the highly popular inner tube complex offers a variety of exciting twists, turns and drops to create an experience suitable for guests of all ages. Our slide paths are designed to fit distinct site characteristics and create unique ride experiences, dependent on your requirements.

*An industry game-changing
phenomenon!*

Slideboarding is pushing tradition into the future by transforming a classic waterpark experience into the world's first video game integrated waterslide. Take control of your experience, hitting the matching buttons as you zoom down the slide, activating as many of the dynamic targets as you can. Can you beat the high score?

Kids' Slides

Big thrills for the little ones!

Designed specifically with gentle speeds and slopes into shallower pools to ensure a safe and fun experience. Options include inner-tube and body slides or add a little variety with a mini multi-lane and ramp slide. Kids' sized iconic waterslides provide little ones with an equivalent play experience.

AquaPlay™

Small footprint, maximum interactivity!

A reduced footprint AquaPlay™ structure is perfect for smaller aquatic facilities or areas catering to younger children. AquaPlay™ is an active and colorful water play structure that provides the experience of a stand-alone waterpark all on its own. Hours of fun and loads of spray elements guarantee high total value for the entertainment dollar.

(standpipes in water)
Nylon coated valve

A Rust-Free Environment
Stainless steel and galvanized piping are finished
with a premium coating system that keeps
your AquaPlay™ looking brand new for years.

AquaCourse™

An ORIGINAL WhiteWater innovation!
AquaCourse™ is a harnessed multi-level play experience that allows each member of the family to choose their own level of adventure. It is the only play structure in the industry that integrates water into an exhilarating water-based Ropes Course, where guests traverse towers and bridges while safely harnessed in.

Footprint: 21 x 21 m (70 x 70 ft) | AC240 (2 levels)
Footprint: 21 x 21 m (70 x 70 ft) |

Theming

Create a truly immersive experience!
Let WhiteWater's design professionals create your custom theme for any AquaPlay™ or AquaCourse™ structure. Our in-house team of experts is just the beginning of our commitment to quality and attention to every detail to produce the best product available on the market today.

Hand-crafted, custom theming

Every custom piece of theming is hand-carved by the best carving artists in the industry with a high attention to detail. After a piece is hard coated for product longevity, WhiteWater's talented artists bring it to life with specific paint that resists fading and deterioration from water, UV rays and natural wear.

AquaSpray™

A playful adventure for all ages!
AquaSpray™ is a series of individual water elements that kids can interact with and be sprayed by. A myriad of bright and colorful AquaSpray™ elements add another layer of excitement and energy to any aquatic facility, no matter the size. Deliver high entertainment value by ensuring even the littlest visitors have somewhere to play.

Life Floor is our recommended surface for on and below multi-level play structures.

Over 30 ways to play including:

Mini Rain Forest
Umbrella Jets
Gadgets & Gizmos
Water Windmill
Pipe Falls
...and more!

WHITEWATER®

EST. 1980

WhiteWater was born in 1980 with one clear purpose, to create places where families unite and make joyful lasting memories.

We achieve this by standing alongside our customers from concept to completion of award-winning attractions, from slides to water rides and everything in between. We aim to inspire our clients by unleashing our creativity to realize their ambitions; we craft solutions which make each park unique. We are dedicated to making products that operators can count on, because we understand the importance of reliability and efficiency on the bottom line.

As market leaders, we put our success down to our attitude, in all our years we've never once forgotten why we're here – to help parks solve problems, create immersive experiences, and delight guests all over the world.

We're here to create places where fun can thrive.
