

# Infinity Master Blaster

## The World's Best Selling Water Coaster in a Continuous Loop

Often the slide with the longest line in any water park, the Master Blaster water coaster has been thrilling guests for over 20 years with gravity-defying uphill blasts and the biggest drops in the industry. Our latest edition to our Blasters' line-up, Infinity Master Blaster includes all the features of the original plus the addition of a vehicle conveyor that eliminates the need for an exit pool and tower.

### MAIN FEATURES:

**Vehicle:** 1-2-person inner tube

**Maximum Speed:** 47 kph / 29 mph

**Audience:** Family

**WHITEWATER**  
EST. 1980

★ HIGHEST DROPS  
IN THE INDUSTRY

⚙️ SUITABLE FOR BOTH SMALL  
AND LARGE FOOTPRINTS

📢 ULTRA-SHAREABLE  
PHOTO OPS

⚙️ FEWER NOZZLES = FEWER LEAKS

💰 SMART BLAST TECHNOLOGY  
SAVES ON WATER AND ENERGY

💰 NO TOWER REQUIRED –  
CAN START AND END AT  
GROUND LEVEL

★ MAXIMUM VELOCITY

⚙️ WIDEST WEIGHT RANGE PER VEHICLE,  
ALLOWING EVERYONE TO RIDE

💰 HOODS AND RISERS = ALMOST  
100% WATER RECOVERY

★ MULTI-DROP SECTIONS

💰 AFFORDABLE,  
OFF-THE-SHELF INNER TUBES

📢 LARGEST WINDOW RISERS  
OF ANY WATER COASTER

⚙️ 100% OF POWER BECOMES THRUST

★ ZONING ALLOWS FOR HIGH  
THROUGHPUT

## ★ FOR YOUR GUESTS

Between the uphill blasts and the heart-stopping drops, Infinity Master Blaster's ride experience is a universal fan favourite. Now add in a low or no tower to make it more accessible and even more of your guests can ride.

## 📢 FOR YOUR MARKETING

Chockful of features that make this slide easily marketable, Infinity Master Blaster's mega drops and large window risers generate plenty of photo opportunities that are easy to capture.

## ⚙️ FOR YOUR OPERATORS

Able to fit into tight footprints, Infinity Master Blaster's Zone Control allows for higher throughputs, helping to keep the crowds moving. While combining the run out and start together helps to reduce staffing and streamline raft dispatch.

## 💰 FOR YOUR BOTTOM LINE

Like all our Blasters, Infinity Master Blaster has been designed with savings in mind, from the inclusion of our Smart Blast technology which reduces water and power consumption to off the shelf rafts for affordability.
