

Wall Runner

The Next Generation of Water Slides

Be amongst the first parks in the world to offer one of the most unique water slide experiences on the market. Different from the high-banking turns you typically find on water slides, Wall Runner's artfully crafted arcs create a drifting experience that propels rafts sideways while maintaining forward momentum and extending the zero G feeling—a world's first for a water slide.

MAIN FEATURES:

Vehicle: 3-person raft

Audience: Family

PATENT PENDING

WHITEWATER[®]
EST. 1980

★ HIGH-SPEED "DRIFTING" EXPERIENCE

📢 CUSTOMIZABLE PATTERNS AND VEILS, INCLUDING YOUR BRAND

📢 ULTRA-SHAREABLE PHOTO OPS

💰 DESIGNED TO CONSERVE WATER AND MINIMIZE SPLASH OUT

OPTIONAL VEHICLE CONVEYOR ⚙️

CAN BE BUILT ON A HILLSIDE OR ON UNEVEN OR FLAT FOOTPRINT 💰

★ EXTENDED ZERO Gs

★ TRANSLUCENT FRP SO THAT RIDERS AND SPECTATORS CAN ENJOY THE ACTION

⚙️ SMART DESIGN MEANS NO NEED FOR EVACUATION PLATFORM OR STAIRS

📢 EXCELLENT VIEWING AREAS, MAXIMUM SPEED SEEN BY NON-RIDERS

★ FOR YOUR GUESTS

Wall Runner is a ride experience not found at any water or theme park. Its innovative design means your guests will experience extreme speeds combined with the thrilling sensation of lateral drifting as they glide their way to the bottom.

📢 FOR YOUR MARKETING

A highly brandable slide, Wall Runner's walls provide ample opportunity for logo placement or other theming elements, all of which can be viewed by riders and spectators through artfully placed Translucent fiberglass. With an extensive range of colours and patterns, create a one-of-a-kind and highly photogenic attraction.

⚙️ FOR YOUR OPERATORS

Made from shiny and sleek RTM fiberglass, Wall Runner is easy to maintain and uses off-the-shelf rafts. Despite being a high-speed water slide, Wall Runner's slide path provides a safe backup route for anyone to slide down even after a complete stop, eliminating the need for an evacuation platform and stairs.

💰 FOR YOUR BOTTOM LINE

A billboard attraction for your park, Wall Runner's unique and fast ride experience will help to drive your gate for seasons to come. Its viewpoints allow you to create plenty of passive capacity spaces for additional revenue opportunities.

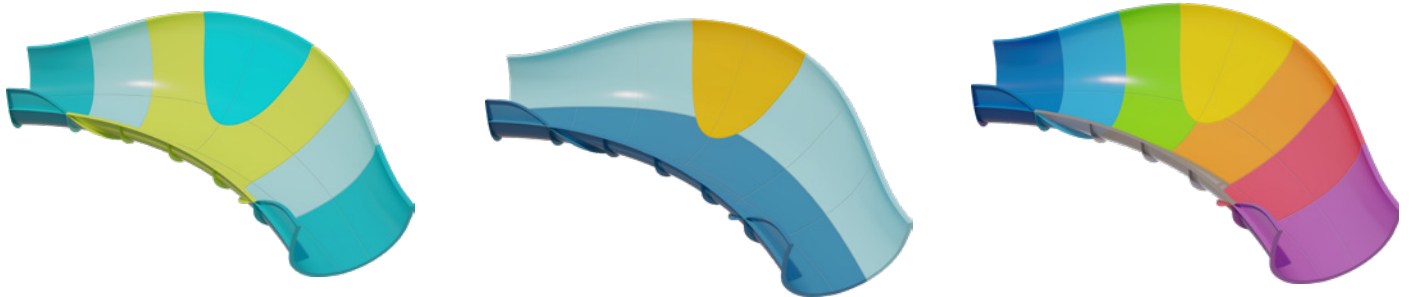

DESIGN YOUR ICON

Wall Runner comes in a range of colours and patterns so that you can create bespoke attractions that are synonymous with your water park. Up the excitement more by adding translucent fiberglass sections so that riders and spectators get a view of the action.
